ABOUT

MTINDO STUDIO

Mtindo Studio

Mtindo Studio is a tailoring factory in northern Uganda that creates dignified employment opportunities for women in the apparel industry. Mtindo works with brands locally and globally to manufacture goods in an empowering and transparent way.

Why Mtindo?

The word '*mtindo*' is a Swahili word that means both fashion and quality. At Mtindo we are focused on delivering quality goods that also do good.

Every time you make an order with Mtindo, you are directly **creating employment** opportunities for women in Uganda and a percentage of your order goes back to **supporting girls education** through our NGO, Mtindo Academy.

WHITE LABEL

What is White Label?

White label is a manufacturing term that refers to when a brand selects a pre-designed product and has their branding added to the label instead of the manufacturers label.

At Mtindo, we offer a selection of pre-designed products that can be produced at scale and branded with your tag or printed design.

White Label vs Private Label

Unlike private label, a white label product is pre-designed and in some cases pre-made. Private label manufacturing refers to the process where a brand delivers their own designs to a manufacturing factory to have their own sketches brought to life.

If you are interested in private label manufacturing, learn more about Mtindo's private label offering [here](#).

Ordering >1,000 units?

If you are interested in placing a larger order for this item, please email sales@mtindo.org for bulk order pricing.

Want to add branding?

Mtindo can brand this product in the form of a sewn label, screen printed logo, or even screen printed artwork. Reach out with your design for a quote on branding.

PLACING AN ORDER

Ready to place an order?

To place an order for a Mtindo White Label item, please email our team at sales@mtindo.org. Please specify in your email the item and quantity you are interested in, as well as where you are located.

How does shipping work?

Shipping is not included in the manufacturing price. Once our team knows where you are located and the quantity you are looking for then we can give different shipping options and estimates. Mtindo operates on FOB origin so any potential customs is the responsibility of the buyer.

How long will it take?

Depending on your quantity, we may already have what you need in stock and ready to ship. If the items need to be manufactured they will be plugged into our manufacturing schedule and will take approximately 4-6 weeks.
